

LK[®] Absorbent Pads

Protect the health and safety of lab workers and conform with specimen handling guidelines with absorbent pads from LK. These pads are inserted into Lab Specimen bags and can absorb liquids that may leak during transport and handling. The absorbent polymer material can absorb up to 50 mL of water.

- Absorbs liquid inside specimen bag to contain leakage
- 3 X 4 inch size can absorb 50 mL of water
- Can be used with biohazardous material
- Complies with GB15979 guidelines
