

LK® Remote and Control Covers

Contactless Service

Protect your guests and make a strong statement about your concern for their safety with this simple solution for contactless guest service.

Your customers are more conscientious than ever about the surfaces they, and others, are touching. Deliver comfort and security with equally conscientious coverings.

An LK Remote Cover is the best solution to providing a hygienic surface above the many nooks and crannies of a television's remote control. Plus, the zipper closure makes it a snap to replace for the next guest.

Flexible, clear LDPE material makes it easy to operate the remote and won't interfere with the operation of infrared remotes.

Just choose the best fit for the equipment!

Disposable Remote and Control Covers are a great idea in many locations:

- Hotels and motels
- Medical and dental offices, and clinics
- Spas and resorts
- Hospitals and care facilities
- Schools and universities

Remote cover features:

- Zipper closure makes it easy to change cover
- Economical protection that can be refreshed daily
- Clear cover won't interfere with IR remote operation
- Available in a wide variety of sizes and gauges to fit different controls
- Packed in cases of 1000 with inner dispenser packs of 100 bags each for use with maid and service carts
